NEW

MAP OF PERTHSHIRE,

REDUCED FROM THE ORDNANCE SURVEY AND REVISED
TO THE PRESENT DATE BY

JOHN BARTHOLOMEW, F.R.G.S.

THE important changes which have recently taken place in Perthshire—the re-arrangement of the Parishes, and the adoption of county-council government, together with the general progress of the County in railways, roads, &c.—have suggested the desirability of bringing out at this time a new and complete Map incorporating these changes to the present date.

This Map is an accurate reduction of the Ordnance Survey to the scale of two miles to an inch. It contains every detail of any importance that is shown on the Survey, and has the special advantage of being thoroughly corrected to date.

By special permission of the Boundary Commissioners the new parish boundaries are here published for the first time. The Map measures $32 \times 35\frac{1}{2}$ inches. All roads are shown, and are distinguished as main roads, ordinary roads, and footpaths. Hamlets, mansion houses, farm houses, woods, antiquities, &c., are also clearly indicated. Instead of hill shading, contour lines are given at every five hundred feet, which, with the numerous heights given on roads and lochs over the County, enable anyone to form a correct estimate of the physical features of any district.

The value and interest of such a Map to the nobility, county gentlemen, ministers, lawyers, agriculturists, factors, parochial authorities, schoolmasters, and all interested in the County, is so evident that it is hoped its publication at a moderate price will be fully appreciated.

PRICES.

Folded and in Cloth Case,	-	-	5s.

Estimates may also be had for mounting the Map in spring roller case, stretched on frame and varnished, or any other special form.

The Map is coloured to show the New Parishes as settled by the Scottish Boundary Commissioners.

## Mutual Assurance. Moderate Premiums.

The PREMIUMS are so moderate that, at usual ages for Assurance, £1200 or £1250 may be secured from the first for the same yearly payment which in most offices would generally be charged (with profits) for £1000 only—the difference being equivalent to an immediate and certain Bonus of 20 to 25 per cent.

The WHOLE PROFITS go to the Policyholders on a system at once safe and equitable—no share being given to those by whose early death there is a *loss* to the common fund.

*Examples of Premiums for £100 at Death (with Profits).*

| AGE.             | 25      | 30*    | 35†    | 40     | 45     | 50     | 55     |
|------------------|---------|--------|--------|--------|--------|--------|--------|
| During Life..... | £1 18 0 | 2 1 6  | 2 6 10 | 2 14 9 | 3 5 9  | 4 1 7  | 5 1 11 |
| 25 Payments..... | 2 10 2  | 2 13 0 | 2 17 9 | 3 4 6  | 3 14 0 | 4 8 7  | 5 6 11 |
| 15 Payments..... | 3 8 5   | 3 12 1 | 3 18 0 | 4 5 8  | 4 16 2 | 5 11 8 | 6 9 11 |

\* A person of 30 may secure **£1000** at death by a yearly payment, *during life*, of £20 15s., which would generally secure (with profits) **£800** only. Or he may secure £1000 by 25 payments of £26 10s.

† At age 35 the Premium *ceasing before* 60 is, for £1000, £28 17s. 6d, being about the same as most offices require during life. *Before these premiums have ceased, the Policy will share in at least one division of Profits.*

The SURPLUS amounted at last Investigation (1894) to **£1,423,018**. More than one-half of the Members who died during the Septennial Period were entitled to Bonuses which, notwithstanding that the Premiums do not as a rule exceed the non-profit rates of other Offices, were on the average equal to an addition of about 50 per cent. to the policies which participated. It will thus be seen that persons who affect assurances on the usual non-participating scales throw away the prospect of very considerable additions to their Policies without any compensating advantage.

## Accumulated Funds exceed 10,000,000.

Arrangements as to SURRENDER, NON-FORFEITURE, FREE RESIDENCE, LOANS ON POLICIES, PAYMENT OF CLAIMS, &c., are specially liberal.
